OVERVIEW

Combine bush and beach experiences on this fantastic holiday package. The **Kruger National Park** covers an area of 20,000 sq.kms, stretching 350 kms from north to south and 60 to 90 kms from east to west. Despite the abundance of big game species that excite visitors, the **Kruger Park** is wonderfully diverse in its geology, vegetation, fauna and flora. There are 147 mammal species, over 500 bird species, many different species of reptiles and amphibians and over 300 different tree species.

At **Shishangeni Private Lodge** in the **Kruger National Park** you will indulge in thrilling wildlife activities. Your ranger will endeavour to make your wildlife experience as special and memorable as possible, following the signs of the wild through beautiful savanna terrain in an **Open Safari Vehicle**. A knowledgeable and experienced guide can transform your image of the bush into a new reality and make your experience truly rewarding.

Your safari also includes the luxuries afforded by the lodge, tantalizing food, the excitement of the stories around the campfire and the sounds of the night.

Keep an eye out for the abundant bird species who help create that special bush atmosphere with their calls, beautiful plumage and constant antics.

Machangulo Beach Lodge in southern **Mozambique** offers blissful barefoot luxury. Untouched beaches, untamed nature and luxurious service come together to create extraordinary holiday experiences. The lodge is surrounded by 5 marine and nature reserves in a truly unique location on a beautiful secluded peninsula with diverse activities for the whole family.

Vilanculos Beach Lodge is located further north in the small coastal town of **Vilankulo** with friendly people and a lively atmosphere, offering the perfect base from which to explore the picturesque **Bazaruto Archipelago** and the **Bazaruto National Park**. The marine reserve includes five islands and offers some of the worlds best snorkelling and diving. The islands are pristine in their natural beauty and diverse ecologies. The coral reefs are profuse with a diversity of tropical fish and turtles and are amongst the most pristine in the **Western Indian Ocean**.

MOZAMBIQUE

Mozambique is a fantastic beach destination known for its warm and alluring turquoise waters, long unspoilt palm-fringed beaches, tropical climate, abundant marine life, excellent diving and snorkelling in coral reefs and idyllic islands. It's coastline stretches for 2,500 kms between **South Africa** and **Tanzania** with the southern half being more accessible to tourism. Apart from diving there are a variety of other water activities including kayaking, sailing, dhow trips, boat cruises and fishing. Along the southern coastline you will find the popular beaches of **Ponta d'Ouro** and **Ponta Malongane**, the bustling capital **Maputo**, **Inhaca Island**, **Machangulo Peninsula**, **Bilene**, **Xai Xai**, **Zavora**, **Pomene**, **Tofo Beach**, **Vilanculos** and the **Bazaruto Islands**.

The coast of northern **Mozambique** is less developed though equally beautiful. Destinations worth visiting along this stretch include the remote **Quirimba Islands** and the former capital **Ilha de Moçambique**, a **World Heritage Site** with a fascinating history.

Bazaruto Archipelago consists of four main islands: **Bazaruto**, **Benguerra**, **Magaruque** and **Santa Carolina**. The islands are covered by large sand dunes, freshwater lakes and crystal white beaches. The offshore coral reefs are exquisite and home to large shoals of fish. The **Archipelago** was declared a **National Park** in 1971 and includes 180 species of birds, endemic butterflies, suni antelope and freshwater crocodiles. The protected reefs and beaches support dolphin, dugong, gamefish, giant lobster and several species of marine turtle.

Mozambique's blend of **African**, **Arab** and **Portuguese** influences provides a wonderful contrast to its neighbouring countries, from the colourful markets and small fishing villages along the coast to the bustling streets and pulsating night life of **Maputo**.

The 15 year civil war that started in 1977 greatly affected the country's big game reserves, though thanks to restocking programmes and successful conservation schemes, animal numbers have increased. The main national parks in **Mozambique** include **Banhine**, **Gorongosa**, **Limpopo National Park**, **Zinave** and the **Maputo Special Reserve** which is located close to **Maputo**. Also of note are the national parks within the **Bazaruto** and **Quirimbas Archipelagos**.

DAY 11

END OF SAFARI

This morning you will be transferred to **Vilankulo Airport** for your outbound flight.

We wish you a safe and thrilling journey that will leave lasting memories and a desire to return.

WHAT TO BRING

Torch, malaria prophylactics, hat, sunscreen, binoculars, camera, batteries, chargers, sunglasses, warm clothing and jacket for game drives, walking shoes, neutral coloured clothing, swimsuit.

The early mornings and evenings can be cold on game drives though blankets are often provided. It is advisable to dress warmly.

Malaria is rated as low risk in Kruger National Park and high risk in Mozambique so prophylactics are advised. However the months from June to October are lower risk than during the summer and autumn months from November to May.

Malaria in Southern Africa is transmitted by the female anopheles mosquito that is only active between dusk and dawn. It is advisable to wear long trousers and shirts and spray mosquito repellent on your hands and neck at dusk, before going to bed at night and when you awake early in the morning. There is no risk during the daytime.
